History and Ownership

Shear Ego International School of Hair Design was founded in 1987 by Eugene Cardamone and Anthony Cotroneo. As the Corporate Owner and Director of Shear Ego International School of Hair Design, Eugene Cardamone has international master hairstyling credentials having studied in London, Rome, Paris, Venice, Amsterdam, Cologne and Brussels. Mr. Cardamone is a master hairstylist and educator of exceptional skill. He has credentials as a seminar educator and as a fashion photographer. His work has been published in La Coupe (France), Hair London (U.K.),

Estetica (Italy), Styles by Stylists, (Canada) and many other publications. Information pertinent to the above qualifications is available at the school or will be sent upon request.

Mission Statement

The mission and purpose of Shear Ego International School of Hair Design is to offer men and women interested in a career in Hairdressing and Cosmetology, Barber/Styling, Esthetics, Skincare and Makeup, Nail Specialty or Waxing the opportunity for an education with a curriculum directed towards the highest standards of excellence. This education will help them pass the New York State Board Exam and provide the entry level skills to become competitive in the industry.

Facility and Equipment

Shear Ego International School of Hair Design is in a convenient setting with an abundance of parking and the added convenience of public transportation. The school was custom constructed in a modular format to meet the demands of special seminars, student presentations, product demonstrations and guest speakers. The space consists of a reception area, clinic, office facilities, multiple classrooms, a product dispensary area, facial and skin-care rooms, manicure/pedicure stations, break areas and supply storage. The clinic area includes styling stations where students perform hair care services for the public under the direct supervision of an instructor. The theory classrooms are equipped with audio-visual aids to assist students in learning the theory of their program. The practical classroom facilities include student stations and mannequins used to practice the techniques for basic hairstyling. Private office areas are available to the faculty and staff for interviewing and counseling students. The facility is air-conditioned and handicap accessible. In an effort to maintain quality training programs, the school is constantly improving and updating its facilities to meet the criteria of a modern cosmetology institution.

Information describing the school's accreditation and licensure are available upon request to the Executive Director.

College Credit Disclaimer

Licensed private career schools offer curricula measured in clock hours, not credit hours. Certificates of completion, i.e., school diplomas, are issued to students who meet clock hour requirements. The granting of any college credit to students who participated in and/or completed a program at a licensed private career school is solely at the discretion of the institution of higher education that the student may opt to subsequently attend.

General School Policies, Information, Rules, and Procedures

Campus Crime and Security Policy

The statement below regarding Campus Crime Statistics is included in our school catalog under "General School Policies". Copies of our annual security report, which sets forth the crime statistics for our school as well as our statement of policies concerning school security and the prevention of crime, are available by visiting the Office of Postsecondary Education's website at <https://ope.ed.gov/campussafety/>, and searching for our school by name or location. Shear Ego International School of Hair Design is not a campus-based institution and does not maintain any student housing. Offenses noted in the Campus Crime and Security Survey are not applicable to our school because we are not located on a campus but in a strip mall. However, the Campus Crime and Security Survey are filed electronically every year by a designated member of our staff.

Complaint Procedures

If you are a student and believe that the school or anyone representing the school has acted unlawfully, you have the right to file a complaint with the New York State Education Department. Write to the New York State Education Department at Bureau of Proprietary School Supervision, 116 West 32nd Street, 5th Floor, New York, New York 10001, or telephone the Department at (212) 643-4760, requesting an interview for the purpose of filing a written complaint. If you cannot go for an interview, request a complaint form be sent to you. Complete the form and mail it to the Education Department at the address above.

Drug Free Awareness Policy

The Drug-Free Schools and Communities Act of 1989 (Public Law 101-226) requires institutions receiving federal financial assistance to implement and enforce drug prevention programs and policies. As a matter of policy, Shear Ego International School of Hair Design prohibits the manufacture and unlawful possession, use or distribution of illicit drugs and alcohol by students and employees on its property and at any school activity. Any violation of this policy will result in appropriate disciplinary actions, up to and including expulsion (in the case of students) and termination (in the case of employees), even for a first offense. Where it is apparent that a violation of the law has occurred, the appropriate law enforcement authorities will be notified. In certain cases, students or employees may be referred to counseling sources, and/or substance abuse help centers. If such referral is made, continued enrollment or employment will be subject to successful completion of any prescribed counseling or treatment program.

Placement Assistance Services

Shear Ego International School of Hair Design maintains placement assistance with local and out-of-town salons needing stylists. The school does not guarantee employment or placement. There is no charge to graduates for the school's placement service. Placement services must be requested in writing. The school offers placement assistance at no additional cost.

Policy for Credit Balances (Student Stipends)

If a credit balance exists on a student account, it may be held for that student until graduation, provided a letter is on file with the student's signature authorizing the school to hold such funds towards any other incurred charges. Should the student not wish the school to hold such funds, the student shall receive a refund of the excess funds within 14 days.

Statement of Non-Discrimination

Shear Ego International School of Hair Design, in its admission, instruction and graduation policies, practices no discrimination on the basis of age, race, color, creed, ethnic origin, sex, sexual orientation, handicap, religion, financial status, or country or area of origin or residence.

Student Privacy Policy and Family Educational Rights and Privacy Act

The institution requires written consent (each time) with the appropriate school official from the student, alumni, or guardian before releasing any student information in response to third-party requests, other than a request by the school's accrediting agency, (NACCAS), or unless otherwise required by law. All current student records are maintained and safeguarded against loss or damage in the Financial Aid office which is locked when not occupied. The Family Education Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respects to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students." Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. School may charge a fee for copies. Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties for under the following conditions (34 CFR § 99.31): School officials with legitimate educational interest; Other schools to which a student is transferring; Specified officials for audit or evaluation purposes; Appropriate parties in connection with financial aid to a student; Organizations conducting certain studies for or on behalf of the school; Accrediting organizations; To comply with a judicial order or lawfully issued subpoena; Appropriate officials in cases of health and safety emergencies; and State and local authorities, within a juvenile justice system, pursuant to specific State law. Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student's handbook, or newspaper article) is left to the discretion of each school.

Student Grievance Procedure

All grievances by students should be directed to the teacher responsible for their classroom. If the student and teacher are not able to resolve the issue, then the student and/or teacher should present the problem to the Director of Education. If unable to reach a satisfactory solution, then the student should present the grievance in writing to the Executive Director. The Executive Director shall meet with the student to provide an adequate hearing of their position and to assist in achieving a satisfactory outcome.

Zero Tolerance Policy

The school has a Zero Tolerance Policy for violence. If a student engages in any violence in the school, or threatens violence to the school, the student will be terminated immediately for cause. No talk of violence or joking about violence will be tolerated. "Violence" includes physical harm to others, shoving, pushing, harassing, intimidating, coercing, brandishing weapons, and threatening or engaging in those activities. The school also does not tolerate obscene language, inappropriate conversations in front of clients, or cell phone usage while in the building.

Dress Code Policy

The objective of the Dress Code Policy is to ensure that students are consistently presenting a professional appearance, and to not expose excessive skin or body parts that would be considered unprofessional. All students are to adhere a solid black dress code policy which requires all visible pieces of a student's attire to consist of solid black fabric including tops, dress pants/slacks, socks if they can be seen, and flat bottomed, closed-toe closed-heel shoes. All students must be clean and presentable at all times. Pants/slacks must be clean, pressed, and fitted. No rips, holes, or tears in any clothing will be permitted. If leggings are worn, the student must also be wearing a shirt long enough to cover the front and back lower waist region. Leggings must consist of thick, black fabric, and cannot be sheer or see-through. Leggings must also not have cutouts in them. The following items including, but not limited to that are listed below are not considered acceptable, proper dress attire and will not be permitted under any circumstances:

- Sweatpants, jogging pants, or any other type of athletic clothing
- Tank tops, tube tops, crop tops, sleeveless, or cut-off shirts
- Skirts, dresses, shorts, or capris
- Pants with visible stitchwork or denim shirts/jackets regardless of style, length, or color
- Hats, headbands, bandanas, or any other head coverings are not permitted unless for religious purposes. Head coverings worn for religious purposes will require documentation from a student's religious leader, and the head covering worn must still follow the dress code policy and consist of solid black fabric
- Flip flops, Crocs, Ugg boots, heels, or snow boots

Any student who is not in compliance with the Dress Code Policy will be clocked out and cannot return to school and clock back in until they are in proper dress code.

Tardy Policy

Student's attendance is taken promptly at the start of class and absences are calculated on the quarter hour. Students must notify the instructor if they are leaving early. Students that are going to be late should be courteous and call the school to inform their instructor. Although this does not exclude the student's tardy, it allows the instructor to be aware of their student's whereabouts. Each tardy is recorded by the instructor at the start of class. Class attendance is monitored on a monthly basis of 30 calendar days. Tardy totals will not carry over from one month to the next. If a student is on their first or second late with the 30 days' time frame, their totals hours for that day will be calculated to the next quarter hour. Please note that regardless of the student's arrival time, a 30-minute break will be automatically deducted from a student's total daily hours so long as the student is present for more than four hours. The follow is the procedure for late-arriving students within the monitored 30-day period:

1st Late: Recorded by Instructor; student informed of tardy and allowed into the class

2nd Late: Recorded by Instructor; student informed of tardy and allowed into the class

3rd Late: Recorded by Instructor; student informed of tardy and not allowed in class (sent home)

4th Late: Recorded by Instructor; student informed of tardy followed by suspension. A Student Advisory form is prepared by the Director of Education or the Executive Director. (If the Director of Education or the Executive Director are not available, the instructor will suspend the student.) The student must meet with the Director of Education or the Director to discuss being re-instated into the class before returning from the suspension. Students who are excessively late are subject to termination by the Executive Director.

Absences Policy

Attendance, self-control, responsibility, and human relationships are all involved in the training of the courses offered at Shear Ego International School of Hair Design. It is part of our responsibility to our students. Students are expected to notify their instructor of any absence from school. We understand absences may occur, and make-up opportunities may be available to assist students in keeping up with scheduled progress. Excessive absences and/or class cuts (either excused or unexcused) will be penalized. Shear Ego International School's standards require 70% attendance, which is a separate evaluation than the calculation used to determine satisfactory

progress in attendance for a student's Title IV eligibility. Students will be assessed at the end of a marking period for meeting all attendance standards and students may be placed on academic probation for failure to meet these requirements.

Excessive Absenteeism Policy

When a student has been absent for a total of 14 consecutive calendar days with or without explanation of the excessive absences, the student will be dropped from the program they are currently enrolled in. Calendar days include Sunday through Saturday, and holidays as well. The student can be reinstated into the program with written consent from the Executive Director as to when they are able to re-enter and whether they are able to transfer any previously completed hours with the reinstatement. The Executive Director reserves the right to require an assessment before re-entry into the program to be completed by the Director of Education, depending on the length of time between enrollment and re-enrollment periods. The assessment will then be utilized to determine where in the program the student should be returning.

Professionalism

Students are not allowed to chew gum while in school. Food and/or drinks are not allowed in the classroom or on the clinic floor. Students must adhere to the Dress Code Policy and present a clean and presentable appearance at all times. Students are not to discuss personal affairs with patrons. Students are to conduct themselves in a manner acceptable to Shear Ego International School.

Cell Phone Policy

While attending Shear Ego International School students are not permitted to use their electronic devices during instructional time or when in a classroom setting. This includes classrooms, the clinic floor, the front reception area, and while passing through hallways. The only place in the building where cell phones or any other electronic device usage is permitted is in the back student break room during designated lunch or break periods. If a student needs to keep their cell phone on it must be kept on silent or vibrate to eliminate disruptions in the classroom. Other electronic devices in this policy include but are not limited to smart watches, any type of headphone, music devices, tablets, and laptop computers. If a student must take a call or text in the case of an emergency, the student must let their instructor know that they need to excuse themselves from class and take the call or text outside of the building and away from the entrances, or into the back breakroom. If found to be in violation of this policy and procedure, the student will be asked once to put the device away. If the student does not comply with this request or is found to be in violation of the Cell Phone Policy again, the student will be clocked out and sent home for the day. The event will also be documented by the student's instructor and placed in the student's file. If it becomes an ongoing problem and occurrence, the student may be required to meet with the Director of Education or Executive Director to determine the appropriate outcome.

Lost or Stolen Property Policy

Shear Ego International School is not responsible for any lost or stolen personal items. This includes supplies, equipment, kit items, textbooks and/or other implements used in class. The school assigns lockers to each student. Each student is responsible for supplying their own padlock. It is the student's responsibility to secure their locker and not share their locker combination with others. Property left on premises more than thirty days after last day of attendance will be deemed abandoned and disposed of.

Make-Up Work Policy

Shear Ego International School will offer make up work sessions to students that have work that was missed and needs to be made up. In turn for coming in to make up that work, the student will also receive clock hours for the

time that they are in a make-up work session, thus also giving them back some hours that they may have missed due to absences, as well. Make-up work sessions will be offered at the discretion of the Executive Director and Director of Education on a weekly basis, pending staff coverage and can be cancelled for any reason at the same discretion. Full time students will have the option of coming in during evening and Saturday sessions that a make-up work session is being offered and part time students will have the option of coming in during day sessions that a make-up work session is being offered. In order for a student to attend a make-up work session, the student must have approval from their instructor and must be placed on the make-up work sign-in sheet for the specific session by their instructor. Also, a make-up work ticket must be completed by the instructor for the student with work that was missed to be completed during that make-up work session. The student must have work and time that needs to be made up in order to attend a makeup work session. If any of this criterion has not been met the student will not be permitted to attend the make-up work session. If students show up to a make-up work session and the student-to-teacher ratio of 20:1 has already been met, the instructor will go on a first come first serve basis to determine who is eligible to stay for the make-up work session and who will not be able to attend for that session. It is also important to note that the student must be on time to the make-up work session. There may be some situations where the total amount of hours that a student needs to make up are less than that of the complete make-up session. In the event of this situation the instructor will notate on the make-up work ticket and sign-in sheet the time frame that the student should be present for. For instance, if a student only needs to make up two hours but comes in for a make-up work session on a Wednesday evening that would normally consist of four hours, the instructor would notate that the student should only be present for two of the available four hours of make-up work. If the student is not present at the time that is notated on the make-up work ticket and sign-in sheet, they will not be permitted to stay for their make-up work session. Also, in order for a student to attend make-up work sessions, they must be present for their full normally scheduled hours on the day of the makeup work session. For students coming in on a Saturday for make-up work, their normally scheduled hours from the Friday before will count towards this rule. If a student signs up for a make-up work session and does not show for that make up work session without giving notice to their instructor or the Director of Education that they will not be attending, they will not be permitted to attend make up work sessions for the period of 30 days following the incident. Students should refer to the Executive Director or Director of Education in regard to any questions or concerns regarding make up work sessions.

Leave of Absence Policy

A Leave of Absence is a temporary interruption of a student's program of study. A Leave of Absence may be granted to a student with reasoning related to health, medical, family and/or other rational circumstances. Students may be granted a Leave of Absence in any twelve month period for not less than two weeks and not to exceed 180 days. A twelve month period begins on the first day of the student's initial leave of absence. Students who wish to take a Leave of Absence must follow Shear Ego International School's policy for requesting a Leave of Absence. In order to request a Leave of Absence, the student must submit a request in writing in advance, unless unforeseen circumstances prevent the student from doing so. The request must include the reason for the request, the student's signature, and a reasonable expectation of a return date. The approval of such leave of absence shall be in writing by the Executive Director. In the case of any unforeseen circumstances (i.e. prolonged illness, accident, death in the family) that make it impossible for the student to submit the request in advance, the school may grant a Leave of Absence to the student. The school will document the reason for its decision and collect the request from the student at a later date. For example, if a student were injured in a car accident and needed a few weeks to recover before returning to school, the student would not have been able to request the Leave of Absence in advance. In this example, the beginning date of the approved Leave of Absence would be determined by the school to be the first date that the student was unable to attend school because of the accident. A student placed on a Leave of Absence will not receive credit for attendance or achievement for the duration of the leave nor will they be charged with the absence. A student granted a Leave of Absence is not considered to have withdrawn, therefore no refund calculation

is required at that time. The school will extend the student's contracted graduation date by the number of days of the leave. (The student's graduation date and maximum time frame will be extended and adjusted by the amount of days of the leave of absence when they return.) Any changes made to the student's contract shall be initialed by all parties or an addendum will be created and signed and dated by all parties. Upon returning the student will be re-instated into the program and evaluated for retention for proper placement in the program. Documentation following the evaluation will be placed in the student's file. Any student not returning from a Leave of Absence or any student who takes an unapproved Leave of Absence will be dropped from the program as of their last day of physical attendance. The school is required to take attendance, therefore the withdrawal date for the purpose of refund calculating is always the student's last day of physical attendance.

Student Conduct, Dismissal, Suspension, and Expulsion

We reserve the right to suspend or expel any student from school for refusal to cooperate with instructors, failure to make payments when due, poor attendance, failing grades, infraction of rules, or such reasons as the Executive Director may deem sufficient cause for suspension or dismissal. Shear Ego International School of Hair Design expects all students to behave, adhere to all school policies in effect, and dress in a professional manner at all times. Specific rules and regulations of the school along with the uniform rules will be explained in detail at the time of the admissions interview and again as part of the orientation segment of each program. It is important to note that all students must wear black dress pants and black shirts, with black closed-toe shoes or sneakers. No athletic or jean attire is permitted. Any student who is dismissed or terminated from school may return with the written permission of the Executive Director only.

Pandemic Response Policies Related to COVID-19

Distance-Based Online Classes

Shortly following the March 13th, 2020 Proclamation on Declaring a National Emergency Concerning the Novel Coronavirus Disease (COVID-19) Outbreak, Shear Ego International School of Hair Design was granted permission from the New York State Bureau of Proprietary School Supervision and our accreditation commission (NACCAS) to offer the theory portions of our Hairdressing and Cosmetology, Esthetics, Skincare and Makeup, Barber/Styling, and Nail Specialty programs via distance-based, online learning. We have since returned to in-person instruction for all of our students, however we still hold the ability to change to online modalities should future mandated closures render in person classes impossible. Should classes be offered through such a modality, student participation in online learning is voluntary. Students unwilling or unable to participate in online learning will be offered leaves of absence. These leaves must follow the standard policies and procedures in accordance with school policy which can be found on the previous page of this student handbook. Online, distance-based classes are provided in a synchronous manner through video teleconference application and require a smart device and internet connection. Please note that academic achievement earned via distance education may not be accepted for reciprocity or eligibility for licensure in other states.

School Safety Procedures

Shear Ego International School strives to provide safe classrooms and clinic areas for our students and staff. In addition to training our students on the updated sanitation requirements related to COVID-19 appearance enhancement businesses, we have also:

- Instituted a mask policy to ensure that all unvaccinated students, staff, and clients are wearing a mask at all times while in on school premises unless documentation is provided for those who are unable to medically tolerate mask-wearing
- Created a daily COVID-19 prescreening for incoming clients receiving clinic services to mitigate the risk of positive viral exposure
- Fitted our facility with numerous hand sanitizing stations to allow for proper hand hygiene

- Switched our cleaning products to EPA-approved disinfectants that are proven to kill coronaviruses
- Spaced out student stations in our clinic areas and classrooms to ensure for social distancing
- Staggered break and mealtimes to reduce the volume of students and staff in break areas

Mask Policy

As of December 13th, 2021 all Shear Ego students, faculty, staff, and clinic guests must wear a mask while in the school facility. This policy has been established to comply with Governor Hochul's December 10th Determination titled "Commissioners Determination on Indoor Masking Pursuant to 10 NYCRR 2.60". Masks must completely cover the nose and mouth of the wearer and fit snugly against the sides of the face without gaps. The CDC recommends that masks be made of two or more layers of washable, breathable fabric, and not have exhalation valves or vents. If a student is not able to medically tolerate a mask, documentation from a medical professional must be provided, and the student must wear a face shield in place of a mask. Wearing a mask is very important in keeping our students, staff members, and clients safe. Students who are found to be in violation of this mask policy may be subject to disciplinary action.

Disclosure Statement

The student should be aware that some information contained in the catalog may change. It is recommended that students considering enrollment check with the Executive Director to determine if there is any change from the information provided in this catalog. In addition, a catalog will contain information on the school's teaching personnel and courses/curricula offered. Please be advised that the State Education Department separately licenses all teaching personnel and independently approves all courses and curricula offered. Therefore, it is possible that courses/curricula listed in the schools' catalog may not be approved at the time that a student enrolls in the school, or the teaching personnel listed in the catalog may have changed. It is again recommended that the student check with the Executive Director to determine if there are any changes in the courses/curricula offered or the teaching personnel listed in the catalog.

Completion and Licensure

Upon completion of any of our school's programs offered and full payment of the program has been received by the school, a student will receive the program's Certificate of Completion and will be eligible to take the New York State Board Exam. Successful completion of the exam qualifies the applicant for a New York State License in the student's program of study. After receiving the License, a graduate is qualified to pursue a variety of opportunities in the professional beauty industry.

Occupational Opportunities

Admissions and Enrollment

Admission Policy

The school maintains experienced, licensed representatives responsible for admissions. Prospective students are required to schedule an interview at the school with admissions personnel. At this time the representative will explain the school's program in detail and provide a tour of the school's facilities. Shear Ego International School of Hair Design does not discriminate on the basis of age, race, color, religion, sex, national/ethnic origin, or handicap in the recruitment and admission of students, or in the operation of any of its programs and activities. We do not recruit students already attending another school.

Admission Requirements

Admission to any program offered by Shear Ego International School of Hair Design is based on a personal interview at the school and the applicant's ability to meet the admissions criteria below. Shear Ego International School of Hair Design requires that all applicants complete a Student Inquiry form. All applicants must be at least 17 years of age and proof of age is required (such proof consists of a birth certificate, driver's license, police ID, or other documentation acceptable to the Executive Director). Applicants must provide proof of secondary education such as a high school diploma, a GED certificate, an official transcript showing secondary school completion, or a state certification of homeschool completion. Homeschooled students will need to provide an official transcript of homeschooling showing an official graduation date of homeschooling along with a letter from the superintendent of schools in the student's district of residence at the time of homeschooling certifying equivalency of education, or will need to pass the TASC for a New York State High School Equivalency diploma. Should an enrolling student provide a foreign high school diploma, the institution will work with the student to obtain an English translation of the document along with confirmation that the education received is equivalent to a U.S. high school diploma. This documentation must come from an outside agency that is qualified to translate documents into English and can confirm the academic equivalence to a U.S. high school diploma. The translation fee is the responsibility of the enrolling students. The outside agency that Shear Ego International School of Hair Design uses for all foreign diploma translation services is Globe Language Services, 305 Broadway Ste 401, New York, NY 10007.

Transfer Policy/Credit for Prior Training

Students applying for transfer of credit for prior training must meet our admissions requirements. The request for transfer of hours must be made at the time of applying for admission to the school. It is the student's responsibility to furnish the school with an "official copy of the transcript" that reports the grade(s) received and hours earned for the course(s) for which credit is being requested. The school shall administer both practical and written tests to confirm the student's proficiency. The school shall determine the number of hours and course(s) for which credit is to be granted.

Transcript Fees

If a student needs an official transcript of grades received and hours earned for any course attended at Shear Ego International School of Hair Design, requests for the transcript must be made in writing and submitted to the Executive Director. There is a \$5.00 transcript fee. This is a flat fee for any student requesting a copy of their transcript, and will not change pending any financial obligations or completion status. A student may request that any letters of recommendation or copies of any certificates for special classes be included as part of their official transcripts.

Financial Aid and Student Accounts

Student Financial Assistance

Students who qualify may be eligible for some form of financial assistance, grants or scholarships. Information regarding financial assistance is supplied to students during their interview. This information may also be requested at any time from the school's Financial Aid Administrator or Director. In order to qualify for Financial Assistance, a determination of financial need must be made. The cost of education will include the school's charges plus an estimate of living costs during your enrollment period. Because of continuing changes in the various Federal programs and regulations which apply to student financial assistance, the school provides a copy of the U.S. Department of Education's, "The Guide to Federal Student Aid", to provide all required Student Consumer Information not contained in this catalog.

Payment Terms and Payment Methods

Payments may be made by cash, check, money order, credit card or through non-federal agency or loan programs. Students are responsible for paying the total tuition and fees and for repaying applicable loans plus interest. There are various funding sources a student may consider/apply for in support of payment to Shear Ego International School of Hair Design. These include, PELL Grants, Federal Student Loans, personal education loans, TFC Credit loans, Sallie Mae Career Training Smart Option loans, ACCES-VR funding, Veterans GI BILL, or a no interest cash payment plan. The payment terms offered to each individual student vary based on financial aid eligibility and the ability to secure funding. Once financial aid eligibility has been established, the terms of payment due to Shear Ego International School of Hair Design will be documented on the student's enrollment agreement. If a student has a loan, their loan payments are paid to the lending company. If the student is paying with a TFC Credit loan, their payments are to TFC Tuition Financing, which is a billing company for Shear Ego International School. For questions on payment options, please contact the Financial Aid Office.

Applications for Financial Assistance and Payment of Financial Assistance

The school will accept the Free Application for Federal Student Aid (FAFSA) or any other federally approved application as its application for Student Financial Assistance. At the present time the application for Federal Student Aid forms are currently available from the Financial Aid Office or on line at www.fafsa.ed.gov. All Financial Aid is applied against school charges. Financial Aid Awards are disbursed to the school electronically at the beginning of each student's payment period. You must be maintaining satisfactory academic progress in order to be eligible for each payment.

Federal Financial Aid Programs Federal

Pell Grant

This grant program assists financially disadvantaged students in continuing their education beyond high school. Each student is entitled to apply for a Federal Pell Grant. The student's need, cost of attendance, and the amount of money appropriated by Congress to fund the program determines the amount of eligibility. The amount of the

grant is determined by a standard formula used by the Department of Education and the amount of the grant available to the student depends on the student's expected family contribution.

Federal Direct Stafford Loans

Shear Ego International School of Hair Design participates in the U.S. Department of Education's Direct Subsidized Loans and Direct Unsubsidized Loans. Subsidized and Unsubsidized Direct Loans are federal student loans for eligible students to help cover the cost of higher education. Direct Subsidized Loans are available to undergraduate students with financial need. Unsubsidized Federal Loans are available to undergraduate and graduate students and there is no requirement to demonstrate financial need. For Subsidized Student Loans, the school will determine the amount that the student can borrow, and the amount must not exceed the student's financial need. For Unsubsidized Loans, the school will determine the amount a student can borrow based on the cost of attendance and other financial aid eligible to receive. The U.S. Department of Education pays the interest on the student's Direct Subsidized Loans. The student is responsible for paying the interest on a Direct Unsubsidized Loan during all periods. For more information, contact the Office of Financial Aid or visit: <https://studentaid.ed.gov/sa/>

Student Rights, Responsibilities, and Eligibility for Financial Aid Rights

The Office of Financial Aid will assist students in obtaining all required information.

Scholarship Programs

Prior to enrollment, applicants are provided with a Scholarship Information packet which contains information on several Scholarship Programs that are available to students. The school encourages students to take advantage of these opportunities.

Shear Ego International School of Hair Design Scholarship for High School Graduates

This scholarship is awarded to eligible students who enroll for Shear Ego International School's July Hairdressing and Cosmetology Program in the same year of their High School graduation. Only graduating High school seniors are eligible for this scholarship. Applicants must be currently attending high school (public) in Monroe County (or surrounding counties) and be scheduled to graduate in June of the same year of the July Hairdressing and Cosmetology Program that they are to enroll in. Applicants must submit a letter of recommendation from a high school Guidance Counselor, Assistant Principal or Principal. Recipients will be awarded \$500.00 off the cost of tuition which will be disbursed in two (2) half increments at actual scheduled hours of 450 and 900. Students must maintain a 90% average in both academic and attendance at the scholarship disbursement points in order to receive such disbursements. If the student is not meet the 90% minimum requirement, the student will not be eligible for the scholarship disbursement and any subsequent disbursements thereafter. Students will need to immediately meet with the Financial Aid Office to discuss payment plan options.

Satisfactory Academic Progress Policy

The Satisfactory Academic Progress (SAP) policy is a requirement for all students enrolled in schools licensed by the New York State Education Department as well as for all students enrolled in any of the school's NACCAS-approved programs to determine the extent to which students are making adequate progress toward completion of a course of study within a specified timeframe. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The SAP policy is consistently applied to all students enrolled in a specific program and scheduled for a particular category of attendance (part-time/full-time.) Shear Ego's Satisfactory Academic Progress Policy includes both quantitative (attendance) and qualitative (academic performance) elements that are evaluated on a cumulative basis at designated evaluation periods through the course of each program of study offered. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the state and federal regulations established by the New York State Education Department and the United States Department of Education, respectively. Students receiving funds under any federal Title IV financial aid program must maintain satisfactory progress in order to maintain eligibility for such funds. Students will be notified of any evaluation that impacts their eligibility for financial aid.

Academic Progress Evaluations

Shear Ego International School of Hair Design requires students to maintain a cumulative grade point average (GPA) of 76% or higher to be considered maintaining satisfactory academic progress. The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written GPA of 76% or higher and pass the final, written and practical exams prior to graduation. Students must make up failed or missed tests and incomplete assignments. Factors that will be measured to determine academic progress for all programs are a student's theory work (test grades, homework assignments, etc.), practical work, and clinical work. Students must maintain a "C" grade average in order to be considered making SAP. The numerical grades of theory, practical and clinical work are considered according to the following scale:

Letter Grade	A (Excellent)	B (Very Good)	C (Satisfactory)	F (Unsatisfactory)
Grading Scale	95%-100%	85%-94%	76%-84%	75% and Below

Attendance Progress Evaluations

Students are required to attend a minimum of 70% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory SAP. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each

evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

Evaluation Periods for Satisfactory Academic Progress

In accordance with state and accreditation guidelines, satisfactory academic progress evaluations for the purpose of determining extent to which students are making adequate progress toward completion for programs of seven weeks or more shall occur at intervals of no less than at the midpoint and endpoint of each quarter or term, and for programs of seven weeks or less at intervals of no less than the midpoint and endpoint of the program. Shear Ego International School also measures satisfactory academic progress in attendance in accordance with these same intervals. In accordance with accreditation guidelines, students are evaluated for SAP at the following clocked actual hours:

Hairdressing and Cosmetology: 450 Hours (14 Weeks Full Time/24 Weeks Part Time), 900 Hours (28 Weeks Full Time/ 48 Weeks Part Time), 1000 Hours (31 Weeks Full Time/53 Weeks Part Time)
Barber/Styling: 300 Hours (10 Weeks Full Time), 600 Hours (19 Weeks Full Time)
Esthetics, Skincare and Makeup: 300 Hours (10 Weeks Full Time), 600 Hours (19 Weeks Full Time)
Nail Specialty: 125 Hours (11 Weeks Part Time), 250 Hours (21 Weeks Part Time)
Waxing: 38 Hours (2 Weeks Full Time/ 4 Weeks Part Time), 75 Hours (3 Weeks Full Time/6 Weeks Part Time)

In accordance with state guidelines, students are evaluated for SAP at the following actual hours, as well:

Hairdressing and Cosmetology: 171, 342, 513, 684, 845, 1000
Barber/Styling: 162, 325, 471, 600
Esthetics, Skin Care and Make Up: 162, 325, 471, 600
Nail Specialty: 66, 132, 192, 250
Waxing: 37, 75

For a student that enrolls or re-enrolls into a program with transfer hours thus making their total program hours shorter, their SAP evaluations will still occur at intervals of no less than at the midpoint and endpoint of each quarter or term if their program is more than seven weeks in length, and at intervals of no less than the midpoint and endpoint of the program if their program is seven or less weeks in length.

Determination of Progress Status

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making SAP until the next scheduled evaluation. Students will receive a hard copy of their SAP Determination at the time of each of the evaluation. The school will also keep a copy of student SAP evaluations. Students deemed not to be maintaining SAP at the end of the evaluation period may lose their Title IV funding (if applicable) unless the student is on a warning or has prevailed upon appeal resulting in a status of probation.

Warning

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the

warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

Probation

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress policy while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

Appeal Procedure

If a student is determined to not be making SAP, the student may appeal the determination within five calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet SAP standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve SAP by the next evaluation point. Appeal documents will be reviewed by the Executive Director, and a decision will be made and reported to the student within 3 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the SAP determination will be reversed and federal financial aid will be reinstated, if applicable.

Re-Establishment of Satisfactory Academic Progress

Students may re-establish SAP and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the probationary period.

Maximum Time Frame

The maximum time (143% of course length) allowed for students to complete each course at SAP is stated below:

		Maximum Time Allowed
Full Time Hairdressing and Cosmetology (32.5 hrs/wk)	44	1430
1000 hours		
Part Time Hairdressing and Cosmetology (19.0 hrs/wk)	76	1430

The 75 hours			institution	operates all
programs Part Time Waxing (12 hrs/wk)	9	107.25	according to a schedule of 900	academic year of instruction.
hours per 75 hours				
The			maximum time allowed for	

transfer students who need less than the full course requirements or part-time students will be determined based on 70% of the scheduled contracted hours. Students who have not completed the course within the maximum timeframe will be terminated.

Interruptions, Course Incompletes, and Withdrawals

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same SAP status as at the time of withdrawal. If a student is to be terminated due to meeting or exceeding maximum time frame, the student will be allowed to re-enroll in the program on a cash pay basis, following the termination for meeting or exceeding the maximum timeframe for their program.

Withdrawals and Re-entry

Any student who withdraws from their contracted program or fails to complete their training will have notice placed in their student file as to their Satisfactory Academic Progress at the point of withdrawal. Students who re-enter the program/course will retain and return to the same Satisfactory Academic Progress status that was in place before the interruption of training, regardless of how long they were out of school. A student making satisfactory progress at the point of withdrawal may apply for re-enrollment in the school and will be considered to be making satisfactory progress at point of reentry. A student not making satisfactory progress at the point of withdrawal may apply for re-enrollment in the school and will be considered to be making unsatisfactory progress at the point of reentry. Students reentering as unsatisfactory will be placed on a probation until the next evaluation period, if the student appeals the decision, and prevails upon appeal. Only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period will be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and may be terminated from the school.

Non-Credit Remedial Courses and Repetitions

Noncredit remedial courses and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's SAP standards.

Transfer Hours

With regard to SAP, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. Evaluation periods are based on actual contracted hours at the school.

Frequently Asked Questions

Who can file a complaint?

If you are or were a student or an employee of a Licensed Private or Registered Business School in the State of New York and you believe that the school or anyone representing the school has acted unlawfully, you have the right to file a complaint with the New York State Education Department.

How do I file a complaint?

The steps you must take to file a complaint are: Write to the New York State Education Department at Bureau of Proprietary School Supervision, 116 West 32nd Street, 5th Floor, New York, New York 10001, or telephone the Department at (212) 643-4760, requesting an interview for the purpose of filing a written complaint. Bring all relevant documents with you to the interview, including an enrollment agreement, financial aid application, transcripts, etc. An investigator from the Department will meet with you and go through your complaint in detail. If you cannot come for the interview, send a letter or call the office to request a complaint form. You must complete and sign this form and mail it to the office. Please include with it copies of all relevant documents. You should keep the originals. You must file a complaint within two years after the alleged illegal conduct took place. The Bureau cannot investigate any complaint made more than two years after the date of the occurrence. The investigator will attempt to resolve the complaint as quickly as possible and may contact you in the future with follow-up questions. You should provide all information requested as quickly as possible; delay may affect the investigation of your complaint. If the Department determines that violations of law have been committed and the school fails to take satisfactory and appropriate action, then the Department may proceed with formal disciplinary charges. In addition to filing a complaint with the Department, you may also try to resolve your complaint directly with the school. Use the school's internal grievance procedure or discuss your problems with teachers, department heads, or the Executive Director. We suggest that you do so in writing and that you keep copies of all correspondence to the school. However, the school cannot require you to do this before you file a complaint with the New York State Education Department. If you do file a complaint with the Department, please advise the Bureau of any action that you take to attempt to resolve your complaint.

What is the Tuition Reimbursement Fund?

The Tuition Reimbursement Fund is designed to protect the financial interest of students attending proprietary schools. If a school closes while you are in attendance, prior to the completion of your education program, then you may be eligible for a refund of all tuition expenses that you have paid. If you drop out of school prior to completion and you file a complaint against the school with the State Education Department, you may be eligible to receive a tuition refund if the State Education Department is able to provide factual support that your complaint is valid and to determine that there was a violation of Education Law or the Commissioner's Regulations as specified in Section 126.17 of the Commissioner's Regulations. To file a claim to the Tuition Reimbursement Fund, you must first file a complaint with the State Education Department at the address included in this pamphlet. The staff of the State Education Department will assist you in the preparation of a tuition reimbursement form (a sample of this form should have been provided to you upon enrollment).

What is the tuition refund and cancellation policy?

All schools must have a tuition refund and cancellation policy for each program included in the catalog and in the student enrollment agreement. Read and understand the school's policy regarding tuition refund and cancellation before you sign the enrollment agreement. If you do not understand it, or are confused by the

school's explanation get help before you sign. You may ask for assistance from the Department at the address included at the end of this section.

What should students know about "private school agents"?

Private School Agents are employed by schools for the purpose of recruiting or enrolling students in the school; they are not school counselors. Private school agents cannot require a student to pay a placement or referral fee. Each school agent must be licensed by the New York State Education Department, must have and Agent Identification Card and must be a salaried employee of the school. School agents who cannot show an Agent Identification Card are breaking the law if they try to interest students in enrolling in a particular school or group of schools. The name(s) of the agent(s) who enrolled a student must appear on that student's enrollment agreement. Therefore, you should write down the name of the agent who talked to you. Each student will be required to confirm the name(s) of the agent(s) when signing the enrollment agreement. A full refund shall be made to any student recruited by an unlicensed private school agent or even by a licensed agent if that agent made fraudulent or improper claims. To find out if you are eligible to receive a refund, you must follow the complaint procedures included in this section.

What should students know about grants?

A grant is awarded to a student based on income eligibility, and it does not need to be repaid (for example, Pell grants provided by the federal government). Read and understand all the information and applications for financial aid grants before signing.

Where can students file a complaint, file a claim to the tuition reimbursement fund, or get additional information? Contact the New York State Education Department at:

New York State Refund Policy

Refunds will be issued to applicants who cancel enrollment or students who withdraw from enrollment. The following policy will apply to all terminations for any reason, by either party, including student decision, course or program cancellation. Any monies due the applicant or students shall be refunded within 30 days of official cancellation or withdrawal based on the refund calculation computed by the school. Official cancellation or withdrawal shall occur on the earlier of the dates that:

- An applicant is not accepted by the school. The applicant shall be entitled to a refund of all monies paid.
- A student (or in the case of a minor, their parent or guardian) cancels his/her enrollment in writing within three business days of signing the enrollment agreement, all monies collected by the school shall be refunded, regardless of whether or not the student has actually started classes. The cancellation date will be determined by the postmark on written notification, or the date said information is delivered to the Executive Director in person.
- A student cancels his/her enrollment after three business days of signing the contract but prior to starting classes. In these cases he/she shall be entitled to a refund of all monies paid to the school less the nonrefundable registration fee. The cancellation date will be determined by the postmark on the written notification, or the date said notification is delivered to the school administrator or owner in person.
- A student notifies the institution of his/her withdrawal in writing. The cancellation date will be determined by the postmark on the written notification, or the date said notification is delivered to the school administrator or owner in person.

- A student on an approved leave of absence notifies the school that he/she will not be returning. The date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the student notifies the institution that the student will not be returning.
- A student is expelled by the school. Unofficial withdrawals will be determined by the institution by monitoring attendance at least every 30 days.

If cancellation or termination of enrollment occurs prior to or during the first week of instruction, all tuition monies collected by the school will be refunded. Therefore, a student will be liable for:

- The non-refundable registration fee (Amounts noted on Enrollment Agreement).
- The cost of any textbooks or supplies issued and accepted.
- Tuition liability as of the student's last date of physical attendance. Tuition liability is divided by the number of terms or quarters in the program. Total tuition liability is limited to the term or quarter during which the student withdrew or was terminated, and any previous terms or quarters completed.

The school is required to perform a refund calculation to determine the amount of tuition costs the school has earned. All refunds are based on scheduled hours. For students who enroll and begin classes but withdraws or is terminated after the first week of the program but prior to course completion (after three business days of signing the contract), the following schedule of tuition earned by the school is provided on the Enrollment Agreement. The failure of a student to notify the director in writing of withdrawal may delay refund of tuition due pursuant to Section 5002 of the Education Law. This refund policy applies to tuition and fees charged in the enrollment agreement. Other miscellaneous charges the student may have incurred at the institution such as extra kit materials, books, products, or unreturned school property will be calculated separately at the time of withdrawal. All fees are identified in the catalog and in the enrollment agreement. The student refund may be more than that stated above if the accrediting agency or the Federal Pro-Rata refund policy results in a greater refund. The pro-rata refund policy applies to all first-time Title IV students who withdraw within the first 60% of their enrollment period. All extra costs, such as books, equipment, and uniforms, which are not issued and accepted by the student, will be refunded. Any monies due a student who withdraws shall be refunded within 30 days of a determination that a student has withdrawn, whether officially or unofficially. If for any reason this excess amount is not returned, the student may file a complaint against the school with the State Education Department. The staff of the State Education Department will assist you in the preparation of a tuition reimbursement form if the complaint is valid and there was a violation of the Education Law or the Commissioner's Regulations as specified in Section 126.17 of the Commissioner's Regulations. Enrollment time is defined as time elapsed between the actual starting date and date of the student's last day of physical attendance in the school. Any monies due to the applicant or student shall be refunded within 30 days of withdrawal or termination by the school, which shall occur no more than 30 days from the last date of attendance, or in the case of a leave of absence, the documented date of return. If our school is permanently closed or no longer offers instruction after a student has enrolled, the student shall be entitled to a full refund of tuition. If your program is cancelled subsequent to your enrollment, the school shall provide a full refund of all monies paid.

Cosmetology Refresher

This Cosmetology Refresher program consists of a minimum of 32.5 hours and a maximum of 150.0 hours of training in Hairdressing and Cosmetology. The program is designed specifically to improve or refresh the knowledge of a Cosmetology Graduate to prepare for the New York State Practical Examination. Upon completion of the Cosmetology Refresher Program, the completer will be prepared to take the New York State Cosmetology Practical Examination.

Entrance Requirements

Shear Ego International School requires proof of completion of a minimum of 1000 hours of a Hairdressing and Cosmetology curriculum in New York State. The school also requires that individuals pass the New York State Written Exam before enrolling into the Cosmetology Refresher program. An evaluation of the applicant will be conducted by the school to determine the total number of hours to be contracted by the school.

Graduation Requirements

Shear Ego International School of Hair Design will graduate a student who meets all of the Graduation Requirements listed below. Graduates will be issued a Certificate of Completion, Diploma Letter and Licensing paperwork upon successful completion of the programs required hours (Hairdressing and Cosmetology 1000 hours, Barber/Styling 600 hours, Esthetics, Skincare and Makeup 600 hours, Nail Specialty 250 hours, Waxing 75 hours) in a satisfactory manner, completion of all paperwork, attending an exit interview after all tuition payments and any applicable overtime charges are paid in full. If a student has borrowed funds through the Direct Loan Program, they are required to complete exit counseling prior to the exit interview.

The institution ensures that each student meets all the graduation requirements before being awarded a certificate of completion. The institution ensures that each student it considers a graduate and awards a diploma, has fulfilled all the graduation requirements by completing a Pre-Exit Interview and an Exit Interview checklist, attending an exit interview and met all requirements for final progress record and satisfactory academic progress record.

Certificate of Completion

A Certificate of Completion will be awarded to each graduating student with a Diploma Letter. The Diploma Letter will reflect the name and address of the institution and the student's name. The Certificate of Completion will reflect the course hours and the date of course graduation. Copies of the Certificate of Completion will be kept in the students' academic file. Certificates will be awarded upon meeting all attendance, academic and practical requirements.

Licensing Requirements

Shear Ego International School of Hair Design will inform students of all licensing requirements and student understands that he/she is responsible for submitting the state licensing application, as well as for the state licensing examination fee(s) and other examination or licensing related expenses.

F – Employment

and Occupational Information

Department of Labor Occupational Classification (SOC): Shear Ego International School of Hair Design markets its programs to students by emphasizing the value of the program against the cost to the student. This approach is often called the value proposition of the program and is meant to portray to students the value of the specific program offerings to that student's career goals. It is this posture that distinguishes programs “that lead to gainful employment in a recognized occupation” as set forth in the HEA. The education we provide our students prepares them for careers in a variety of cutting edge fields, such as hair stylist, permists, hair coloring specialists, barber-styling technician, makeup artists, manicurists, pedicurists, etc. Occupational information for these types of programs can be researched via the Occupational Information Network (O*NET) website, <http://www.onetonline.org/> as charted below.

Addendum H – Gainful Employment Metrics

The Higher Education Act of 1965, as amended (HEA), has long provided for the extension of financial aid to students attending postsecondary programs that “lead to gainful employment in a recognized occupation,” including nearly all programs at for-profit institutions and certificate programs at public and non-profit institutions. For-profit institutions, in particular, are a diverse, innovative, and fast-growing group of institutions. Shear Ego International School of Hair Design collects and reports graduation, placement and licensure rates annually to our accrediting agency, the National Accrediting Commission of Career Arts and Sciences (NACCAS).

NACCAS Annual Report Statistics for 2022

Graduation: 85.32%

Placement: 77.91%

Licensure: 100.00%

On-time Graduation Rates: Colleges, universities, and proprietary schools like Shear Ego International School of Hair Design are required to disclose “On-Time Graduation Rates” for each program offered for each award year. This rate is calculated by dividing the number of on-time completers by the total number of graduates for the specific year. These on-time graduation rates are based on perfect attendance and do not account for holidays, school

closings, leave of absence or minimum absent time. In addition to these Gainful Employment statistics, Shear Ego International School of Hair Design provides the number of graduates during an award year who completed their program within 150% of the normal program length. This metric is in line with reporting graduation rates to other federal reporting and accrediting agencies. The following table reflects our graduation analysis report from the July 1st, 2019, to June 30th, 2020.

Program	Number of "On-time" Graduates	Number of Graduates within 150% Time	Number of Non-Completers	% Completing on-Time	% Completing within 150% Time
Hairdressing and Cosmetology	0	16	8	0.00%	80.00%
Barber/Styling	2	7	1	20.00%	70.00%
Esthetics, Skin Care and Makeup	4	10	2	25.00%	62.50%
Nail Specialty	5	8	0	38.46%	100.00%
Waxing	6	7	0	46.15%	100.00%

Total of Students: 147

Total of Graduates: 128

Graduation Rate 87.07%

Placement Rates: Gainful Employment regulations also require colleges, universities, and proprietary schools like Shear Ego International School of Hair Design to disclose placement rate information about the population of students counted as "on-time" completers. In addition to these rates, Shear Ego International School of Hair Design collects and reports placement (employment) rates annually to our accrediting agency, the National Accrediting Commission of Career Arts and Sciences (NACCAS). The following numbers are derived from our 2019 NACCAS Annual Report.

Program	Total Number of Completers Eligible for Employment	Total Number of Completers with Placement Info	Placement Reports Rates

Addendum I – Evacuation Procedures and Emergency Exits

In case of an emergency, leave the building quietly, calmly, orderly and as quickly as possible. Evacuate through the nearest exit. Do not stop or go to your locker to gather your personal belongings.

Fire Drill/Emergency Exit Procedure

Fire Drills are initiated periodically as the sound of an alarm. Evacuate through the back of the building beginning with the Nail Specialty Classroom, Esthetics, Skincare and Make up Classroom, Classrooms 2, Classroom 1, Clinic Floor and the Barber/Styling Classroom. Exit as quickly and calmly as possible out the back of the building. Follow your Instructor, as they will take a head count to make sure all students have left the building. In case of an actual emergency, you will follow the same protocol. Remain with your group and your instructor until you have been cleared to return to class. Shear Ego International School of Hair Design makes every effort to ensure the well-being of our student body. Student's cooperation with respect to these procedures are extremely important and appreciated by the school.

Addendum K – Veteran Student Protection and Veterans Affair Payment Delayed Policy

Shear Ego International School of Hair Design allows any covered individual to attend or participate in the program of education during the period beginning on the date on which the individual provides to the educational institution a certificate of eligibility for entitlement to educational assistance under chapter 31 or 33 and ending on the earlier of the following dates:

- The date on which payment from the VA is made to the institution

OR

- 90 days after the date the institution certified tuition and fees following the receipt of the COE

Shear Ego International School of Hair Design does not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or to require that a covered individual borrow additional funds due to the individual's inability to meet his or her financial obligations to the institution due to the delayed disbursement funding from the Department of Veterans Affairs under chapter 31 or 33. Shear Ego International School of Hair Design requires covered individuals to submit the following:

- Certificate of eligibility for entitlement to educational assistance not later than the first day of a course of education for which the individual has indicated the individual wishes to use the individual's entitlement to educational assistance
- Written request to use such entitlement
- Provide additional information necessary to the proper certification of enrollment by the school
